CONTENT MARKETING

A genuine piece of content marketing would be created around – and feature – the client's product, but the nature of the content piece is such that it can run as an editorial piece authentically. It should be created the way an editorial story would be created. It should not feel like an advertisement to the consumer. The content should follow the advice and direction of the online editor. It would not be a hard sell but rather an interesting piece featuring the brand or product.

WEBVERTORIAL

This is not the equivalent of an above-the-line print ad, it is more along the lines of an online advertorial. It is an article in the *Animaltalk* tone that centres around one specific client product or brand message.

SPECIAL RATES ON REQUEST

This includes section sponsorships, wallpaper banners, roadblock adverts, peel-back adverts, floating adverts, special rich media opportunities, web apps and web tools. Creative aspects of these elements are subject to the editor's approval.
